

March 2019

Neighbors,

The Dirty Dozen mud run will be Saturday, May 4, 2019 in West City Park. It will be approximately two miles long and will include thirteen obstacles to go over or through. The mud will be sticky and the water will be cold!

We had a great time last year and can't wait to do it again! Obstacles include a 7' vertical wall, a mud pit that participants must belly crawl through, as well as muddy hills to slide down and climb up, and waist deep water to get through. All participants will receive an event t-shirt and token for a beverage of their choice.

We have decided to offer the chance to purchase a sponsorship for \$100. With this, your company's name will go on the back of the shirt that all participants will receive. The shirts will have the event name, location, and date on the front and the list of sponsors on the back.

Please return the second page along with your \$100 check to be included in this fun and exciting event!

Respectfully,

Barb Lowry  
Director Sports/Event Marketing
